

HALLOWEEN? I'M OUT

There're people who are no longer afraid
Of pumpkin faces and skeletons
There're people who think it's cool
To celebrate death as if it's something good

But it is not, ok? I'll tell you why.

I'll tell you why I think like this
And why I don't enjoy halloween
The bible doesn't say the dead are still walking around here

Bridge:

It says that I am a child of light
So I don't want what's evil and dark
I run away from these things
I only want what comes from God

Chorus: 2x

I will choose life
It's so much nicer
God did not make a world of darkness
But rather full of colours with His love and kindness

Second Verse:

Look at this game that makes no sense
If you don't give treats you get a trick
There're people who think it's cool
To do something bad as if it's something good

But it is not, ok? I'll tell you why.

I'll tell you why I think like this
And why I don't enjoy halloween
The bible always tells me only to share love all around

Bridge:

It says that I am a child of light
So I don't want what's evil and dark
I run away from these things
I only want what comes from God

Chorus: 2x

I will choose life
It's so much nicer
God did not make a world of darkness
But rather full of colours with His love and kindness

Tricks or pranks? I'm out!
